

Meeting notes

11/08/2023

Designer: Laura Weil

Director: Eileen Kim

Overall I like the 2 mockup version:

Colors are fitting to the topic

The overall color scheme may change if there are more photos to be added- we can make sure that the photos are consistent and matching to the surrounding colors and according text content.

Can play around with **fonts** a bit more

Size of the numbers (dates and years) may be bigger? Different/more distinguished font?

A mix of the **illustration and photo/image aspects** will be fun. Would love to see a bit of both.

We also talked about the **header**: I like the logo being in the middle with the other sub-pages on each side.

In terms of timeline, the mobile version will have a vertical outline. The desktop version may be horizontal.
